**rounded washbasin with
timed pushbutton system**

Rounded steel basin: water supply operated by a knee-push button.

Special timer system: water is supplied until the pushbutton moves back to still position, which means no more non-stop pressing of levers and no more waste of water. What's more, you can yourself set the time of water supply by simply adjusting a screw.

technical data:

total width	480 mm
external basin height	220 mm
internal depth of basin	130 mm
panel height	300 mm
total depth	380 mm

Supplied as shown above except for soap dispenser
